REPUBLICANS AT PUUNUI

Applause for the Speakers of Party.

VIDA LAYS STRESS ON LEPER BILL

Well Attended Meeting at Which the Only Unpleasant Feature Is a Home Ruler.

Republicans of Puunui gathered at Wyllie and Liliha streets last evening and for two hours listened and cheered for the sentiments of the Republican party. There were speeches in the Hawaiian and in English, and the crowd enjoyed to the full many of the allusions which were made to the situation and the actors in the campaign.

The meeting had in it only one incident which was blameworthy. One of the Home Rule candidates, Kaona, was in the gathering and he insisted that even if it was a Republican meeting he should be heard. He confined himself however to crying "Kill the snake," resisting every effort of the speakers and their friends to quiet him, and when it was found that he was insisting upon such action, they simply let him alone and he went on to the end with his efforts to interrupt the meeting.

J. A. Alapai called the meeting to order and introduced the speakers. After he had spoken a few words on the campaign he called upon Naimoa, one of the candidates for representative, who made a spirited address, showing what had not been done by the Home Rulers, and asking that his people vote the Republican ticket in the interest of advancement. Henry C. Vida was the next speaker. He began as follows:

I consider the leper question the most important issue of this campaign, for should the policy advocated by Mr. Wilcox and the Home Rule platform be put into effect about 2000 of our fellow citizens would be placed in durance ville and it would be far beyond the power of any future Territorial Legislature to reestablish them in the liberties that they now do and always should enjoy.

Should the Wilcoxian plan carry, we would see these poor unfortunate who are confined at Molokai through no fault of their own, surrounded by the armed guards of the Federal government, and placed upon a diet that would in no way compare with what they have at present.

Instead of being permitted to enjoy the comforts that they now have, instead of permitting a husband to care for and ease the sad lot of his beloved wife, instead of a wife having the care of her children, or the care of an afflicted husband, the diabolical plan will crop up and say husbands must be ruthlessly torn from their wives—"The Federal law has declared it so."

I appeal to you who have relatives at the settlement; I appeal to you who have friends there, as I have friends there myself; I appeal to you Hawaiians and haoles who have members of your race there, to thwart this damnable plot. Thwart this fiendish conspiracy, and when you go to the ballot box on November the 4th show the world at large that the milk of human kindness has not yet dried up in the breasts of the citizens of Hawaii.

He referred to other issues, saying that he was in favor of city and county government and adequate labor laws, schools and other reforms, and closed with an appeal for the votes of the people for all Republicans.

L. L. McCandless spoke of the necessities of the Territory and how the revenues had been depleted by the withdrawal of the custom house duties, and then evoked cheers by saying that the Rapid Transit Company with its five cent fares was due to the men now Republicans. W. C. Achi also spoke to the same intent, adding a humorous comment upon Wilcox. The delegate was shown in his character of promoter but not performer, and the people were made to laugh at the actions in the past of the Napoleon.

Judge Kaulukou, James Shaw, Birbe and Nakookoo filled the evening's speaking and there was much enthusiasm when the meeting was closed.

DEATHS DURING SEPTEMBER

There were eighty-two deaths during the month of September, of which thirty-one were of children under five years of age. Seven deaths were of persons over seventy years of age. Of the total number thirty-seven deaths were of Hawaiians, which is a smaller percentage than usual.

The births during the month numbered sixty-eight and the marriages reported were thirty-four. There were thirteen deaths due to tuberculosis. The causes assigned for the eighty-two deaths were as follows: Febrile, 4; diarrheal, 8; venereal, 1; diphtheria, 1; constitutional, 17; developmental, 3; nervous, 13; circulatory, 5; respiratory, 7; digestive, 10; reproductive, 1; osseous and integumentary, 1; accident and violence, 5; suicide, 2.

Achi Addresses a Meeting.

Senator W. C. Achi was the principal speaker last evening at a well attended

Republican meeting held on Wyllie street near the electric car terminus. The senator made a vigorous address and received unstinted applause. A number of Home Rulers there attracted his attention and he gave explicit replies to their inquiries.

UNNA DEFINES A CAUSE.

European Skin Specialist Says Dandruff is Caused by Parasites.

Upon that theory, proved beyond a doubt, a cure for dandruff was sought after. Scientists, chemists, druggists and physicians all "took a hand," and the successful issue is the present product known as "Newbro's Herpicide."

This remedy actually kills the parasites that infest the hair bulb, does its work most effective and contains not an atom of substance injurious to anything else than the germ alone. Herpicide causes the hair to grow as nature intended it should, soft and abundant.
